

PRODUCT:**CONCRETOR'S MATE 24% 7-DAY HARDSEAL****DESCRIPTION:**

CONCRETOR'S MATE ACRYLIC HARD SEALER is a 7 DAY solvent based sealer system designed to be used on Stencil, Stamped Concrete, Garden Edging, Exposed Aggregate etc. CONCRETOR'S MATE HARD SEAL should be applied to the surface with a low pressure spray or natural hair broom, use of nylon, polyethylene or other plastics will result in their dissolution.

DIRECTIONS FOR USE :

Do not apply in temperatures below 5degC. or above 30deg C. Apply with a Spray/broom at the rate of 2-5m2/Litre. Do NOT apply on wet concrete WAIT until the concrete has cured OR apply over 1 coat of same day sealer, 7-14 days after the 1st coat. Do NOT use on glazed or semiglaed tiles without special preparation. Apply 1-3 coats. Application of each subsequent coat should be at right angles to the previous. Apply a third coat if gloss level not high enough.

FIRST AID:

If poisoning occurs, contact a doctor or Poisons Information Centre. If swallowed, do NOT induce vomiting. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor. If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water.
